

Date: January 2016

FEATURES

Surface Mounted Parallel Baby Change Station includes a concealed damp gas spring mechanism for smooth, safe and effortless opening and closing using one hand. Unit provides a bed-liner dispenser with concealed, self-latching lock requiring no keys that may be easily converted to a multi-fold towel dispenser with no adapters. A view slot shall be provided to indicate low liner/towel stack condition. Graphic and instructions in seven languages on interior back. Adjustable two-part child protection safety-strap mounted with concealed fasteners on high walls of cradle. Rear strap shall be vinyl coated. Two heavy-duty bag hooks are clearly marked with international-style symbols. Entire unit shall be assembled of completely sealed components to provide easy cleaning and no penetration zones to harbor microbes or bacteria. Unit shall provide no level surfaces when open or closed that may invite the resting or placement of cups, cans, bottles or cigarettes. Unit shall mount on standard stud wall dimensions and with proper anchoring may mount on all suitable wall constructions. Mounting fasteners shall be concealed after installation using colour matched recess plug-covers supplied. Unit shall be recyclable at end of usable life to help reduce global waste.

INSTALLATION DETAILS

Unit is surface mounted using hardware supplied through recessed mounting holes provided. Hardware kit supplied has fasteners suitable for metal or wood stud walls in dry locations and general hollow wall construction where adequate substrate strength is obtained. Fasteners and anchors for masonry walls are not provided. Wall reinforcement must be suitable to sustain transfer of maximum unit loading. Mounting hole plug covers are supplied to conceal fasteners after installation. A template and mounting, operation & maintenance instruction booklet is supplied with each unit.

SPECIFICATION

Unit supports a static load of up to 136kg (tested in excess of 158.8kg) when properly installed in accordance with the Installation and Operating Instructions supplied with the unit.

MATERIAL

High density polyethylene body (HDPE).

OPTIONS

- Box of 500 liners (Part No: LCR)
- Replacement strap (Part No: 10-9012-21009)

WARRANTY & PRODUCT LIABILITY

ASI JD MacDonald Baby Change Stations are guaranteed against defective materials and faulty workmanship for 5 years from date of purchase, subject to being installed and maintained in accordance with the Installation and Operating Instructions supplied with the unit.

A \$10 million product liability insurance policy is maintained on all baby change stations.

Surface Mounted Baby Change Station Parallel shall be Model No. 10-9012 as supplied by ASI JD MacDonald.

All ASI JD MacDonald accessible compliant products when installed must be in accordance with AS1428 to ensure the specified product is complying with all washroom specification requirements.
