

Ozwashroom

Model number SDSS20

Specification sheet

Date: August 2012

SPECIFICATION

Surface Mounted Horizontal Soap Dispenser shall hold and dispense up to 1 litres of liquid soap, alloy 18-8 stainless steel, grade 304. All exposed surfaces satin finish. Valve constructed of stainless steel and plastic internal parts. A liquid level indicator provided above valve. Unit have a hinged stainless steel refill door on top of unit which is opened with special key provided.

INSTALLATION

Unit is surface mounted to wall or partition by means of a bracket (bracket & hardware provided). Unit is secured to interlocking wedge bracket and locked in place by means of a locking screw installed through hinged refill door. For mounting height standards refer to current Building Code of Australia for able bodied and/or disabled use.

OPERATION

Soap is manually dispensed by depressing push button. Unit is refilled through hinged refill door at top requiring special key (supplied) to open. Soap tank will continue to feed properly until empty. Tank supply is refilled manually on cycle determined by maintenance needs.
